

Impact: Employer Placements 2018-2023

Partnership History

The mission of the Innovation Lab Partners is to support the growth of innovation economy jobs on the Brooklyn working waterfront in Industry City, Sunset Park, and surrounding communities. Industry City's approach was investing in human capital through job training, education, job placement, and support services to connect the local community to new opportunities and support business growth through educational workshops, recruitment services, and business planning support.
